Contact: info@armoni.com

This policy explains what data is collected while our website operates and how it is used. Detailed information on the processing of your personal data under Turkish Law No. 6698 is set out in our Privacy Notice.

Contact and demo request forms

The name, surname, company details, e-mail address and telephone number you submit through the forms on our site are processed in order to assess your request, respond to you and carry out demo processes. This information is never sold or transferred to third parties for marketing purposes.

When a form is submitted, your IP address and browser information may also be recorded for spam detection.

Comments

Where comments are enabled on our site, we collect the data shown in the comment form, as well as the visitor's IP address and browser user agent string, to help spam detection.

An anonymised string created from your e-mail address (also called a hash) may be provided to the Gravatar service to see whether you are using it. The Gravatar privacy policy is available at <https://automattic.com/privacy/>. After your comment is approved, your profile picture is visible to the public in the context of your comment.

Media

Users who are able to upload images to the website should avoid uploading images with embedded location data (EXIF GPS). Visitors can download and extract any location data from images on the website.

Cookies

Our site uses cookies that are strictly necessary for the site to function, together with performance and analytics cookies that are set only with your consent. You can change your

Privacy Policy

preferences at any time through the cookie management panel on the site. Non-essential cookies are not activated before you give consent.

If you leave a comment, you may opt in to storing your name, e-mail address and website in cookies. These are for your convenience, so that you do not have to fill in your details again when leaving another comment. They last for one year.

Session cookies are also created for users who sign in to the administration panel. Login cookies last two days and screen option cookies last one year. If you select “Remember Me”, your session persists for two weeks. Logging out removes the login cookies. These cookies concern site administrators only.

Embedded content from other websites

Pages on this site may include embedded content such as videos, images or articles. Embedded content from other websites behaves in exactly the same way as if the visitor had visited that other website.

These websites may collect data about you, use cookies, embed additional third-party tracking, and monitor your interaction with that content — including linking that interaction to your account if you have one and are logged in to that website.

Who we share your data with

Your data is shared only to the extent necessary to provide the service: with our hosting, e-mail and maintenance service providers, with our accountant for financial obligations, and with public authorities where required by law.

If you request a password reset, your IP address will be included in the reset e-mail.

How long we retain your data

Requests submitted through our forms are retained for a reasonable period after the request has been concluded, and — where the request leads to a contractual relationship — for the periods prescribed by applicable legislation.

If a comment is left, the comment and its metadata are retained indefinitely so that follow-up comments can be recognised and approved automatically.

Profile information of registered users is stored. Users can see, edit or delete their personal information at any time, except that they cannot change their username. Site administrators can also see and edit that information.

What rights you have over your data

Privacy Policy

If you have an account on this site, or have left comments, you can request an exported file of the personal data we hold about you, including any data you have provided to us. You can also request that we erase any personal data we hold about you. This does not include data we are obliged to keep for administrative, legal or security purposes.

For your rights under Article 11 of Turkish Law No. 6698 and the application procedure, please see our Privacy Notice.

Where your data is sent

Visitor comments may be checked through an automated spam detection service.

The servers used for hosting, e-mail and traffic analysis may be located outside Türkiye. Any such transfer is carried out in accordance with Article 9 of Law No. 6698.
